

ASPHALT CUTTER

The ideal solution for clean cuts

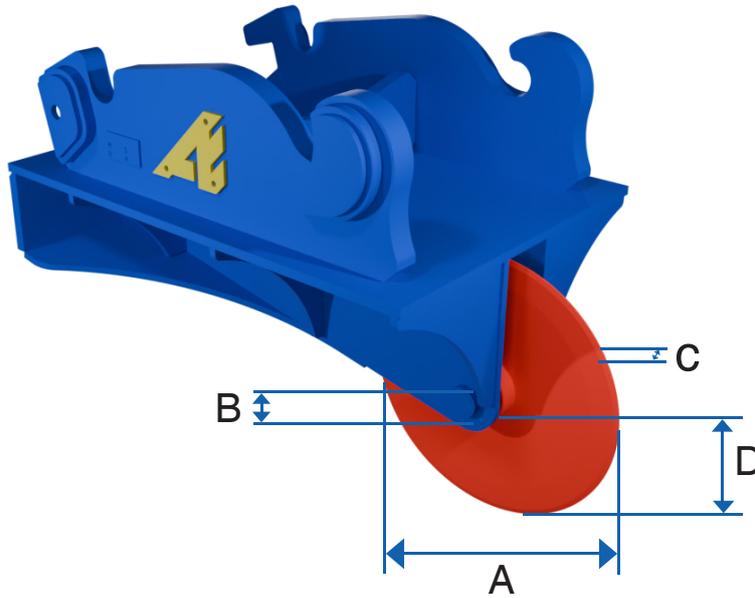

The asphalt cutter is a precision tool, perfect for cable and pipeline installation work. It allows for fine and clean cuts in asphalt, grass, or any other type of ground requiring a careful operation. Compatible with QA, UA, S, and CW couplers, it can also be mounted under a tiltrotator for maximum flexibility.

Advantages

- ✓ The disc is made of 450HB steel, ensuring high resistance and long service life.
- ✓ Thanks to the central pulley, the force is directed towards the ground, making cutting easier.
