

AECW QUICK COUPLER SMALL - LARGE MECHANICAL & HYDRAULIC VERSIONS

A complete range at your service

The AECW range – CW-type quick coupler – is ideal for working with excavators from 0.8 to 65 tons.

The AECW quick coupler fits buckets with a specific CW profile or with reversible coupler brackets.

All models are available in mechanical or hydraulic versions, except for the AECW45 and AECW55, which are only in hydraulic version.

AECW20 to AECW55 couplers are available in standard or small (S) versions.

Characteristics

- ✓ Hydraulic or mechanical quick coupler.
- ✓ Coupler compatible with market standards.
- ✓ Retention wedge with safety spring, also serving as a visual lock indicator.
- ✓ Base in cast or welded steel, depending on the model.
